Good Response To Mandatory Pass Plan

Response to the mandatory season-pass plan announced last month for non-fairway lot owners has been quite good.

Under this new plan, lot owners who have property anywhere within Indian Lake other than along the fairways of the new 18-hole championship golf course may purchase a mandatory season-pass and have unlimited family privileges on all the year 'round recreational facilities.

Cost of a mandatory season-pass for non-fairway lot owners is \$200 a year, and the fee must be paid each year as a covenant to the property deed. The covenant is based upon the 1969 Consumer Price Index published by the U. S. Department of Labor. This means that the mandatory fee could remain the same indefinitely, or be adjusted up or down according to the cost of living.

The mandatory season-pass offers a substantial savings from the \$300 all-inclusive pass and includes unlimited family privileges on the ski slopes, swimming pool, ice skating pond, tennis court, 9-hole golf course and the Arnold Palmer course on which only fairway lot owners and other mandatory season-pass holders will be permitted to play within the next few weeks through a special preview arrangement.

All future lot sales at Indian Lake will contain the mandatory season-pass provision.

Anyone interested in signing up for a mandatory season-pass may do so by stopping at the sales office at the Air-Park.

INDIAN LAKE WATER SKI SHOW JULY 27

Indian Lake Water Ski Club will hold its third annual water ski show Sunday, July 27, beginning at 2 p.m. All the action will take place in front of the winter ski slopes which have been designated as spectator area.

The show will open with airplanes from Indian Lake's airport flying in formation over the lake. Other highlights scheduled for the show include pyramiding, jumping, clowning, ballets, and the always exciting barefoot skiing and kite flying.

Pictured above are five members of the approximately 50-member water ski club who will be participating in the big show. They are from left to right, Sue Schweitzer, Scott Thompson, Jeff Carey, Ray Scenna and Linda Berinti.

For a great afternoon of fun and excitement, come to Indian Lake on Sunday, July 27 for the annual water ski show.

SERVICE CORP. HOLDS ANNUAL MEETING

Indian Lake Service Corp. held its annual business meeting Friday, June 27, at the Lodge. More than 100 members were in attendance and they heard and took part in some interesting discussions on a variety of subjects concerning Indian Lake.

Jack Butler served as chairman of the meeting. James W. McIntyre, executive secretary of Indian Lake, and permanent board member of the Service Corp., opened the meeting by reading last year's minutes. Following approval of the minutes, Mitchell Withrow, secretary of the Service Corp., presented the year's financial statement. A suggestion from a lot owner to provide a more detailed financial report was agreed upon and

that report appears in this issue of *THE SMOKE SIGNAL*.

Lot owners Harry Larabee and Ralph Guarino were nominated to fill the expired terms of Mitchell Withrow and Paul Wagner. They were elected to three-year terms as directors and now join Jack Butler, James Schenck, William Schweitzer and James McIntyre on the board of directors of Indian Lake Service Corp.

The biggest part of the meeting was taken up by discussions about the lake—its safety patrol and water level. The board of directors acknowledged the fact that the water level now is slightly higher than normal, but reminded everyone that the situation may not be the same in August after

(Continued on pg. 3, col. 1)

Qualifying for Men's Club championship begins July 26

Golfers have between July 26 and August 9 to play their 18-hole qualifying round for the 36-hole men's club championship. The 18-hole qualifying round will be used to determine flights, and the score will be added together with the final 18-hole round that must be played Sunday, August 10.

Joe Parker of Johnstown is the defending champion. He also won the title in 1966. Other club champions are Francis Cmar, 1967; T. O. Smith, 1965; and Arthur Poorbaugh, 1964.

WOMEN'S CHAMPIONSHIP

The women's club championship will be played Thursday, July 31.

Qualifying for the women's club championship will be held Thursday, July 24. The championship round will be played the following week, Thursday, July 31.

LAKE STONYCREEK ANNUAL PARTY

Approximately 250 property owners on Lake Stonycreek gathered together to celebrate their annual party at Indian Lake Lodge, Thursday, July 3. Part of the huge crowd in attendance that night is shown at left during registration. In the picture at right, Mr. and Mrs. Arthur Poorbaugh, who help run things at Stonycreek, are flanked by three couples who were among the first to buy property at Lake Stonycreek when it first began in 1960. From left to right are Mr. and Mrs. Robert Barron of Johnstown; the Poorbaughs; Mr. and Mrs. Francis Opfermann of Pittsburgh; and Mr. and Mrs. Henry Skone of Windber. Bob Moors, another old-time Stonycreeker, came forward during the evening to make a few announcements and to see to it that the one person responsible for the success of Stonycreek's annual party be recognized. The lot owners responded by giving Polly Poorbaugh a standing ovation for her great work. Bob Moors also announced that the annual water ski show will be held August 3.

COME ONE, COME ALL

Lake Stonycreek Water Ski Show August 3

Spectacular skiing by some veteran ski club members will be the featured attraction at the fifth annual Lake Stonycreek water ski show Sunday, August 3.

The show will be held in front of Baltzer's Point on Stonycreek beginning at 2 p.m. Almost everything that can be done on water skis will be included in this year's show. Also featured this year will be the Wagner Candyettes. The Shanksville Community Band will provide the music.

So, come one, come all and see spectacular skiing by youngsters of all ages at Lake Stonycreek during their annual water ski show Sunday, August 3.

SERVICE CORP HAS ANNUAL MEETING

a prolonged dry spell. A motion to maintain the water level 9-inches above the spillway was defeated. It was then decided that the board of directors should hold a special meeting and decide on a policy that would take into account heavy spring rains and severe summer drought in maintaining a reasonably consistent water level.

Other important topics discussed at the meeting are as follows:

—Regulations for boating on the lake are good, but boating could be more enjoyable if everyone obeyed the rules.

—Bill Collingwood, lake patrol officer, is doing a good job but it would help if lot owners would cooperate in keeping reckless boaters in check.

—Drastic action could be taken against unauthorized persons boating and fishing on the lake if lot owners would immediately speak up and notify the proper authorities about such violations.

—The frequency with which unauthorized persons are on the premises of Indian Lake could be kept at a minimum if gates were installed at the main entrances.

—Fishing is good at Indian Lake but it could be improved if more lot owners got behind the fishing club and gave it more financial help.

—Indian Lake in general could be an even better place if everyone gave their wholehearted support to all activities, including the fishing club and Lodge.

—A new agreement is in the making between Allegheny Mountain Lakes, Inc., developer and owner of Indian Lake roadways, and Indian Lake Borough, which is charged with the responsibility of policing the roads. It is hoped that the new agreement will provide for added police protection throughout the development.

—A reminder that youngsters must be over 16 to ride mini-bikes on Indian Lake roads.

—Resurfacing of Indian Lake roads is nearly completed and everyone agrees that the project is a big improvement.

The meeting ended on a rather light note when Mrs. Dorothy DeVilling stood up and asked if it would be possible to keep the golf course sprinklers turned off for the ladies on their golf day. Latest report is that her request was compiled with and all the lady golfers are happy.

Parker, Thoma, Daley win in Golfer-Shooter Tourney

The golfer vs shooter tournament in which golfers who were unskilled in trap and skeet shooting competed against shooters equally as unskilled on the golf course was held Saturday, June 21.

Joe Parker of Johnstown captured the trophy for best combined score by shooting a net 38 in golf and breaking 20 out of 25 claybirds in shooting.

Dr. George Thoma of Pittsburgh won low net honors in golf with a nine-hole score of 37.

Gene Daley, Central City, took high gun honors in trap and skeet shooting by breaking 23 out of 25 birds.

Handicaps were used in scoring both events. Trophies were presented to the winners immediately following the golf match.

Construction continues on front 9 of 18-hole course

Construction is in high gear on the front nine holes of the new 18-hole championship golf course that Arnold Palmer designed exclusively for Indian Lake.

Final clearing of the fairways on the front nine is nearly complete and it shouldn't be too long before rough grading of the tees and greens will start to take shape.

Meanwhile, special preview arrangements are being set up to permit only fairway lot owners and other mandatory season-pass holders to play the back nine holes. Hopefully, the special arrangements should be completed in a few weeks.

AIRPORT EXPANDS WITH NEW RUNWAY

Indian Lake has expanded its airport facilities by opening a new 4,500-foot paved runway at the northern end of the sprawling wooded peninsula already dotted with vacation homes and the new 18-hole championship golf course which Arnold Palmer designed to surround the airport complex.

The new airstrip is 100-feet wide and has a 500-foot unpaved overrun at the northwest end, making it 5,000-feet.

Designed to accommodate all types of single engine, light twin engine and light jet aircraft, the new runway extends northwest-southeast and is connected to the resort's existing 3,000-foot northeast-southwest paved runway. The existing runway is also used as a taxiway.

Operational facilities at Indian Lake's airport include unicom system, fuel service center, and a maintenance shop with an FAA licensed mechanic and inspector. The flight training school, which is equipped with the latest Link Trainer, is approved by the Federal Aviation Administration and the Veterans Administration under the Pennsylvania Department of Public Instruction.

Indian Lake's airport opened to traffic in November, 1966. It is licensed by the Federal Aviation Administration.

Official dedication of the new runway is planned for September.
