## Babysitting Service Now Available

A babysitting service has been arranged through Indian Lake Lodge for the coming summer season. The service will be available in a group rate for Thursdays (Ladies Golf Day) between the hours of 9:00 a.m. and 5:00 p.m. The children will eat their lunch at the Lodge and will be entertained in group activities throughout the day.

A charge of \$4.00 per day for the first child of a family will be made . . . with an additional charge of \$2.00 per child for each additional child of the same family. This will include the sitting service and lunch. The children will be supervised by Indian Lakers Sue Schweitzer and Sandy Garman.

In addition, the sitters will be available for babysitting at homes, in the new hotel, or chalets on other days and evenings of the week. A charge of 50c per hour will be made before midnight and 75c after midnight. It will be necessary for families to furnish transportation for the sitter.

Those desiring the babysitting service, either on Ladies Day or for other times, may call the Lodge office. It will be necessary to make reservations.

## Wine Tasting Party June 8

A party designed to inform and fascinate Indian Lakers in the art of choosing the proper wine for dinner and to suit their palates has been set for Saturday, June 8 at the Lodge. Wines of different countries and vintage will be presented for sampling between 6 and 7:00 p.m. in the main dining room.

Wine connoisseurs will be on hand to explain the background and proper choice of fine wines.

Nick Papasoff, Lodge Maitre de, will supervise the program.

## *Some Things Just Can't Be Overlooked . . .*

Some things just can't be overlooked. Other things (like the letter you received concerning the new membership year at the Lodge) are unassuming and never make a sound. It's understandable that they sometimes get lost, misplaced—even forgotten.

That's why we're giving you this timely and (we hope) hard-to-miss reminder.

The 1967-68 membership year at the Lodge has run out, and this is your opportunity to get a 1968-69 membership (season pass).

With a Lodge membership, you and your family can enjoy many practical benefits and privileges otherwise unobtainable except on a more costly daily fee basis.

For example, there's unlimited golfing, skiing, swimming and tennis for the whole family. There's the special monthly entertainment nights that you (and your guests) can enjoy without payment of the \$5 per person cover charge. Your membership also admits all teen-agers in your family to the teen dances sponsored by the Lodge without charge.

In addition, your membership (season pass) permits you to bring a family of registered guests to Indian Lake for a week-end once each quarter to enjoy all the recreation they want . . . free of charge.

You've been a property owner long enough not to need a sales talk. Simply, we hope you enjoy Indian Lake and will want your family to have a 1968-69 membership in the Lodge.

Present membership cards will not be valid after June 1, 1968.

Start the exciting season ahead without any interruption in your enjoyment of the facilities.

Membership (season pass) remains at \$150 per year for the whole family. Mail your check or money order today.

## Lake-to-Lodge Transportation

## Incline Railway Under Construction

A new dimension in resort living is being added to the already varied list of enjoyable activities for Indian Lakers.

An incline railway designed to provide Indian Lake boating enthusiasts and their guests with almost direct transportation from the lake to the Lodge is under construction and scheduled for completion later this summer.

Groundbreaking Wednesday, May 15 marked the start of construction on the inclined railway that will be used to carry passengers from the lake area at the base of the ski slopes up to the Lodge.

The incline is being built next to the poma lift near the center of the ski slopes. A 700-foot steel track installed over the natural contour of the ski slope will be used to carry a single 8-passenger electrically powered car. Vertical drop in this area is 240 feet. Installation of the track is expected to be completed by the middle of June. Boat docking facilities will be provided at the base of the ski slopes. Construction of the railway system has been approved by the Pennsylvania Department of Labor and Industry.

To Indian Lakers and their guests, this new facility puts the 9-hole golf course, tennis court, swimming pool and Lodge as near as your boat.

## Palmer Supervises Work on No. 14 Green

Arnold Palmer took some time off from the pro tour during May, but his busy schedule brought him to Indian Lake to inspect and supervise some of the construction on the new 18-hole championship golf course.

Arnie is shown above explaining to greenskeeper Bill Will what contours he wants on No. 14 green. The hole is a par 4, 400 yards long.

#### Make Reservation Early

## Unusual Act to Highlight Big Variety Show June 1

Hold on to your wallets, watches and neckties . . . Zorran, the gentleman pickpocket is coming to Indian Lake Lodge. The nimble-fingered professional pickpocket (for entertainment purposes only) will join with Norma Milazzo, who thrilled Indian Lakers with her songs last October, in another night of special entertainment at the Lodge, Saturday, June 1.

Zorran, who won't tell you his last name, is an internationally famous entertainer. He lifts wallets, watches, and even neckties without any suspicion from the person involved. A real wizard in the art of sleight of hand, Zorran now confines his work to entertainment, but during World War II a number of Germans lost their weapons as a result of his fancy skill.

Also on the same program will be lovely Norma Millazo. The talented vocalist brought rousing applause at the first special entertainment night at the Lodge late last year. She sings with the gusto and vibrancy of a true professional.

Music for dancing will be furnished by Laddie Timko and The Melody Men, with Jimmy Russell and Bill Schaefer playing for your dining pleasure.

#### Two Complete Shows

Shows will be presented at 10:00 p.m. in the banquet room and at 11:30 p.m. in the main dining room. Reservations will be accepted for dinner only. The cover charge of \$5.00 per person is not applicable to Indian Lake Lodge Members (season pass holders) and their guests. Don't miss this unusual entertainment night. Make your dinner reservations early.

## Riding Stable Officially Opens Season June 2

### Riding Academy for Youngsters Is an Added Feature This Year

Indian Lake Riding Stable officially opens its season Sunday, June 2.

While this will be only the second year of operation for the stable, it appears to be headed for a busy season. Unprecedented growth in horseback riding in recent years will have a lot to do with this. But riding stable manager Ward Miller likes to think that Indian Lakers will be riding more because of the many improvements at the stable.

Everything is in excellent condition. There's a new tack room with more equipment. More fence has been installed around the stable area, and new riding trails have been opened.

To keep up with the expected growth, Ward said there will be a total of 26 horses and ponies available for riding. There's still room for anyone who wishes to board their own horses.

#### Riding Academy

Another added feature this year is the riding academy. This is designed to give children over 12 years of age a week of riding, feeding, watering and general care of horses in a ranch-type atmosphere.

Tuition for a week's schooling is \$75. This includes room and board (3 meals a day), and at least 3 hours of riding a day with an instructor. In addition, there will be swimming, tennis and golf.

Youngsters who enroll in the academy will check in at the stable at 7:00 p.m. Sunday and check out at noon Saturday. Reservations can be made for any week beginning June 2.

Detailed information on the academy and horseback riding can be obtained by calling 445-5212 or 754-4785.

## RESURFACING ROADS ANOTHER IMPROVEMENT

*Resurfacing of main roads and patching several others has produced another noticeable improvement around Indian Lake.*

*With a total of 32 miles of road within the 3000 acre development, it takes a continuous maintenance program to keep the area in top shape.*

*Indian Lake Service Corporation, the non-profit organization of which all property owners are members, takes care of the roads out of its own budget. Revenue is derived from the annual service charge paid by property owners.*

### Ski Show, Slalom Race

#### Water Ski Club Plans Two Big Events

Indian Lake Water Ski Club plans to hold two big events this year.

The first annual slalom race will be held in early July and the water ski show has been tentatively set for Sunday, July 28.

The Club would like to have all last year's members and new skiers to take an active part in staging these events. You don't have to be an expert skier to join the club. There's always something for everyone.

Membership dues are \$1.00 per person and \$3.00 per family. All money goes towards club activities which mainly includes the water ski show, and this year will include the slalom race.

Send your membership to Barry Long, Treasurer, Indian Lake Water Ski Club.

### Observe the Rules

## Behaving on the Golf Course Is Easy

Golf is almost always played in the company of others. Therefore, everyone should understand how to behave on the course. Certain rules, or etiquette, are common to most golfers, even beginners, but they are always worth repeating.

An important thing to remember is that in addition to the safety of others there is a big investment in the golf course itself.

With these thoughts in mind, observing the rules makes more sense.

Here are some basic rules every golfer should know and observe:

1. Repair all divots. Do this by replacing the piece of turf torn up by your club. Press the grass down with your foot to encourage it to take root again.

2. Smooth out holes and marks made when playing out of a sand trap. Use the rakes provided for this purpose.

3. Avoid damaging the putting green. Repair (with a tee or similar object) all ball marks. Don't drop golf bags or the flagstick on the green, or pull golf carts across it. Also, don't lean on your club. It's no fun putting on a scarred green.

4. Do not drive motorized golf cars on or near tees, greens, or bunkers.

5. Do not talk or move while others are playing in your group. Do not stand too close to a player when he's shooting.

6. Do not hit your next shot until players in front are out of range.

7. When looking for a lost ball, allow players behind to pass. Do not hit until they have played through and are out of range.

8. Play without delay. Always be ready to hit when your turn comes.

9. After your group has holed out, go to the next tee immediately. Mark your scoreboard on the tee, not the green.

10. Slow players having an open hole in front should allow players behind to play through.

All golfers should be familiar with the United States Golf Association Rules, particularly the changes that are made each year.

If you have a question about the rules, ask Jim Coleman, or consult your rule book. But remember, etiquette is important and makes golf more enjoyable.

**For Boys 8 to 18****June 15 Is Last Day for  
Registration in Golf School****Week-long School Limited  
To First 20 Applicants****Boys Will Receive Complete  
Instruction on Important  
Phases of Golf Fundamentals**

Boys between the ages of 8 and 18 have until Saturday, June 15 to register for the junior golf school to be held June 23-29 at Indian Lake.

Enrollment is limited to the first 20 boys so it's important to send applications in now. The school is separate from the Saturday morning junior golf clinic that begins June 29.

The advantage of the school is that all youngsters will be given more individualized instruction. Special instructions will be given on stance, grip, take-away, follow-through and putting. Etiquette will also be covered during the week-long session.

Denny Robinson, golf school director, said there's been a lot of interest in the school but he does not want to accept more than 20 boys this first year.

Rate for the week's program is \$110. This includes lodging, three meals a day, green fees, golf instruction and swimming.

Send your application in today.

☐ 1 Year                    ☐ 3 or More  
☐ Have golf clubs  
☐ Do not own golf clubs

**Golf Tournament June 1-2  
To Highlight Memorial Holiday**

Memorial Day this year falls on Thursday but Indian Lakers will be stretching the holiday out over the weekend of June 1-2 with the fourth annual Memorial Day Golf Classic.

The popular 18-hole tournament is considered to be the official opening of the spring and summer seasons at Indian Lake. Whatever your plans are during this big weekend, allow yourself time to play in this big tournament.

You can play your 18-holes on either Saturday or Sunday. The tournament will be played under the Callaway handicap. This means a wide open tournament with everyone a potential winner.

Joe Parker of Johnstown is the defending champion. He won the event last year with a gross score of 75 and net 1/2.

**NATURAL BEAUTY AND CONVENIENCE**

*Indian Lake's development philosophy has been and continues to be based on the concept of preserving the natural beauty while providing the finest recreational facilities.*

*The picture shown here may not be recognized by many lot owners, but it is Indian Lake. The bridge spans a small waterway between No. 16 green and No. 17 tee on the new 18-hole championship golf course. Practical in design, the bridge is an example of Indian Lake's combination of natural beauty and convenience.*

Indian Lake has a borough ordinance that prohibits littering and the disposing of garbage anywhere in the development.

Persons caught violating this ordinance could be fined as much as \$300.00. One sure way of avoiding the cost and embarrassment of a fine is to call Leonard Mostoller at 445-2815 for regularly scheduled garbage collection.

May property owners strive to keep Indian Lake clean and beautiful.

## FAA and VA Approve Indian Lake Flying School

The Federal Aviation Administration and the Veterans Administration under the Pennsylvania Department of Public Instruction have approved the flight training school of Indian Lake Aviation, Inc.

Approval was granted by both agencies on the basis of Indian Lake Aviation having qualified to their requirements in the areas of instruction, personnel, facilities, equipment and curricula for flight training and ground school. Quality of instruction measurement requires that of all flying school graduates who apply within 60 days after graduation, at least 80% must qualify for pilot ratings appropriate to the curriculum from which they were graduated.

As a certificated pilot school under the Federal Aviation Administration, Indian Lake Aviation is now authorized to provide instruction to qualified students in private, commercial, instrument and flight instructor courses.

Approval by the Veterans Administration, together with FAA approval, permits Indian Lake Aviation to provide flight instruction to veterans under the Veterans Pension and Readjustment Assistance Act of 1967.

To qualify as a veteran one must have served in the armed services of the United States for at least 181 days of continuous active duty and have had his service terminate under conditions other than dishonorable after January 31, 1955.

Other requirements call for a veteran to possess a valid private pilot license or to have satisfactorily completed 35 hours of instruction towards the private pilot rating.

Veteran entitlements for flight training are computed at the rate of \$130 for each month of military service. The Veterans Administration pays 90% of the established charges for tuition and fees which nonveterans in the same course and circumstances are required to pay.

Types of courses approved by the Veterans Administration for Indian Lake Aviation are commercial, instrument and flight instructor.

Information on the flight training courses can be obtained by calling 814-754-4616 (extension 54), or by writing: Indian Lake Aviation, Inc., R. D. 1, Central City, Pennsylvania 15926.

## GOLFER, SHOOTER EXCHANGE TIPS FOR BIG TOURNAMENT JUNE 15

Wayne Naugle of Davidsville (left), and Don DeArment of Bedford are shown here exchanging tips in preparation for the golfer vs. shooter tournament to be held Saturday, June 15.

In this unique competition, golfers who are unskilled in trap shooting will compete against trap shooters who are equally as unskilled on the golf course.

The unusual tournament gets underway at 11:00 a.m. with trap shooting at the shooting center, followed by lunch and 9 holes of golf in the afternoon.

Prizes will be awarded at the cocktail party in the Pub Lounge at 5:30 p.m.

Entry fee, including costs for both trap shooting and golf but not lunch, is \$7.50 for Lodge members (season pass holders). Fee for non-members and guests is \$10.00. Fee includes cocktail party and prizes.

Plan now to enter this unique competition.

**Join the Club****It's Like a  
Good Fish Story . . .**

With the Indian Lake Fishing Club, it's like with a good fish story . . . one fisherman tells another, and the Club continues to grow bigger and better year after year.

When you join the Fishing Club you join a select group of anglers . . . lovers of fishing who have found that as a group they can enhance the pleasure and enjoyment of fishing at Indian Lake.

The Club is well on its way to making Indian Lake the most enviable fishing spot in Pennsylvania.

Over four thousand large and small mouth bass and brook trout already have been stocked in the lake.

But success of the long range program depends on membership in the Club. So why not send yours in today.

**Dock Being Built First****Construction Resumes on  
Year 'Round Storage Marina**

Work has resumed on construction of the new year 'round storage marina located on the northeast side of Indian Lake.

Dredging of the access waterway was completed last week and work now is underway on building docking facilities. Roland Fogle, chief engineer for Allegheny Mountain Lakes, Inc., said the pier-type dock will be built as quickly as possible and be available to property owners later in the summer.

**Guest Registration  
Now Easier at Lodge**

A guest book has been set up at Indian Lake Lodge for the convenience of residents of Indian Lake and Lake Stonycreek in registering their guests.

The guest book is located near the front desk at the main entrance of the Lodge.

The new office arrangement now makes it easier for residents of both lakes to observe this guest registration rule.

Construction of the storage building will begin immediately after the dock is completed. The 35 x 120 foot building will have 3 tiers and a capacity for storing 39 boats. A fork lift truck will be used to put boats in the water and take them out . . . in less than 3 minutes. A parking area will be built near the marina.

The marina is being built primarily to serve property owners along the new 18-hole championship golf course.

Storage rates have not been determined, but property owners interested in reserving space for their boat can do so by calling 814-754-5313.

**ARNIE PALMER TESTING HIS DESIGN**

*Arnold Palmer, designer of the new 18-hole championship golf course, tees off from No. 15 tee to check some design features of the par 3, 160 yard hole. When completed, the picturesque hole will have water from tee to green.*

*This picture was taken during one of several visits Arnie made to Indian Lake the past few weeks.*

Indian Lake boat licenses are available at the Lodge and must be called for in person.
