Things are happening. . .

"Things are happening . . . everything is on the move . . . a lot of new things . . . facilities so improved they're almost like new."

These are some of the comments being heard around Indian Lake and the "GREAT LODGE" now that the pace has quickened on all fronts here at the mountain resort.

See for yourself. The 9-hole Executive golf course is in excellent condition and continues to test the true abilities of any golfer. There's the charming little pro shop that's well-stocked with the latest fashions and equipment for men and women. Golf lessons also are available.

Over on the Peninsula golf course, the back nine is set to open during the weekend of July 4. The course is well on its way to being in the condition Arnold Palmer had in mind when he designed it. Another feature will be a new temporary pro shop located at No. 10 tee, which this year will be the starting point for play instead of No. 14 as was the situation last year.

Inside the "GREAT LODGE", the swimming pool has taken on a fresh, new look and the pool lounge has some fascinating new game machines for all age groups to enjoy. More improvements are planned.

The riding stables are now in a new and better location . . . at the red barn that stands at the game farm entrance on Route 160.

In terms of construction, the new sales office is under roof and should be completed in a few weeks. That's also true of the six leisure home models.

Soon the new tennis courts and playground facilities will be in full operation. Plans also have been completed for an archery center to open near the Lodge.

At the marinas, well . . . they are taking on a completely new look with new and improved facilities, including boat slips, snack bar and a commodore's club lounge.

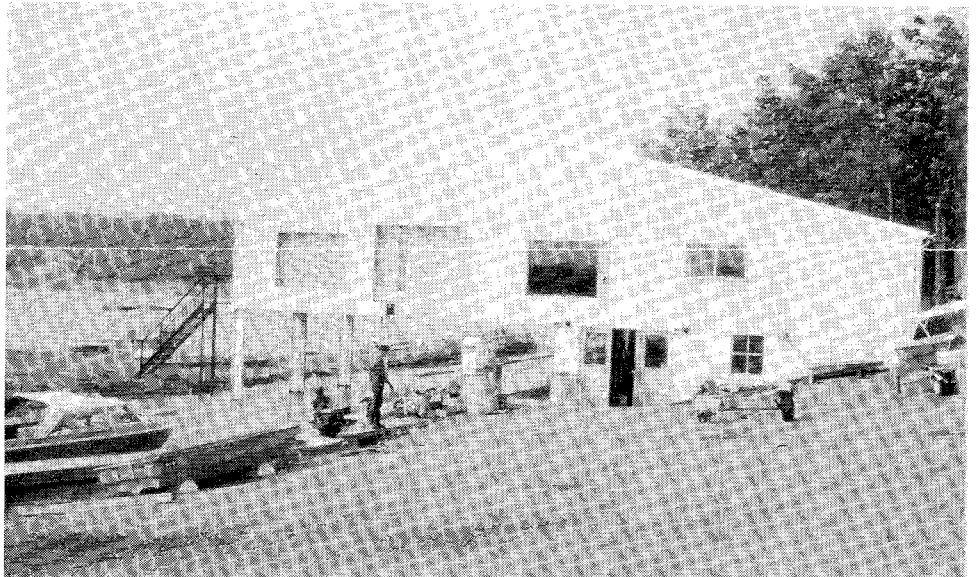

The shooting park has been restocked with guns and ammo, and at the airport new runway lights are being installed.

And there's more to come. Now more than ever, things are happening at Indian Lake. Join the fun and excitement.

"Commodore's Club Lounge"

Remodeling Begins on Marina

Efforts to make Indian Lake's two marinas more than just places from which to get gas have become a reality as construction is under way to expand and improve the facilities and turn them into outstanding boat service complexes. Most of the construction emphasis now is on the south marina located near the spillway.

Plans at that marina, shown above, call for extensive remodeling inside and outside the two-story building. When completed, there will be an attractive commodore's club lounge on the second floor, and a boat accessory shop along with a snack food center on the first floor.

NUMBERING SYSTEM HELPS BOAT SERVICE

Lew Maust and some of his crew of 12 got together at the marina and have come up with a numbering system designed to help them give you better service, particularly when delivering a boat after it has been worked on.

It's quite simple. Just put your lot number on the back of your boat transom and on the front of your boat dock. Putting your lot number in these easy-to-see places allows for quick identification. If you need numbers and letters, they're available at the marina.

The commodore's club lounge will be furnished and equipped with all the amenities to add more enjoyment to leisure time activities.

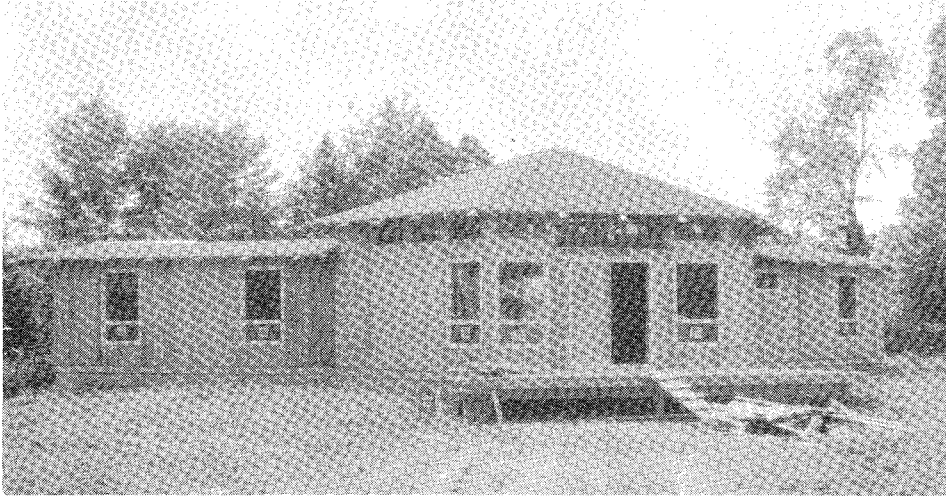

Outside, the building will feature a wooden sun deck extending around the club lounge with the widest part fronting the lake. There will be direct access onto the deck from the lounge as well as the small island in front of the marina.

The island will be finished in concrete and will have patio furniture and benches for customers to relax and enjoy the scenery while having their boat serviced.

Another added feature of the island will be construction of at least 50 boat slips. These will be finger-type docks to be used primarily for rental boats.

(Continued on Page 3)

SALES OFFICE NEARS COMPLETION

Construction on the new sales office at the Route 30 entrance continues to move ahead and work there should be completed in a few weeks.

The office, as shown in the above progress picture, is actually one of the six vacation homes being built this year as models and are available for purchase by prospective buyers interested in leisure living at Indian Lake.

The office model is called the Galaxy and features a hexagon design. The interior includes a built-in conversation pit. Some of the other models range from two to four bedrooms and are available in ranch or two-story design. All models come complete with fireplace.

In addition to the models, construction should begin soon on twelve new townhouses, or mountain houses, as they are now called. These will be attractive chalet-type homes and they are being built on both sides of the road just beyond the Lodge's main parking lot.

FAMILY PICNIC, 4TH OF JULY FIREWORKS SET AT "GREAT LODGE"

The annual 4th of July fireworks promises to be as colorful as ever . . . but this year Indian Lakers will have a better view and be much closer to the action.

Instead of the display being set off on the peninsula, the bombardment will take place in the wide open spaces adjacent to the 9-hole golf course next to the Lodge.

To make the day complete, there will be special outdoor activities and a picnic buffet beginning around 5:30 p.m. A la carte prices will be reasonable and the entire family will enjoy an inexpensive evening out.

The fireworks are scheduled to go off at 9 p.m. Come to the Lodge and see first-hand what's happening.

Mary Lou Devereaux

Supervisor Named For Children's Recreation

For the first time ever at Indian Lake, there's a supervised recreation program for children of all ages.

Mary Lou Devereaux, daughter of Mr. & Mrs. Paul Devereaux of McKeesport, is in charge of the activities.

Miss Devereaux will be a sophomore this fall at Dickinson College in Carlisle, Pa. She has had some previous experience working with youngsters.

While word of the supervised recreation has been slow getting around, the program is off to a good start.

Some of the activities for older children include picnics, hikes, indoor and outdoor swimming, airplane rides, boat rides and horseback riding.

Most of the programs are free, but some do require payment. Plans also are being made to have a hay ride for youngsters 16 and older on Saturday night, July 3.

PLAYGROUND

Much of the activities for small children will center on the playground which should be in operation shortly.

There's a big night of games and competition planned July 4 for children up to age 12. This will start about 5:30 p.m. and will be held in conjunction with the big family picnic and fireworks scheduled for that day.

SCHEDULE POSTED

The recreational activities vary from week to week, depending upon weather and number and ages of the children.

Information sheets on the week's activities are posted at the Lodge to inform both parents and children what's happening. Most of the events take place from 9 a.m. to noon, but as the group expands afternoon sessions will be held.

More information on the supervised recreation program for children can be obtained by calling 754-5600.

REGISTRATION OPEN FOR SWIMMING CLASSES

A great swimming program at the "Great Lodge". That's about the best way to describe the new summer swimming program now set up Monday through Friday at the Lodge pool.

The program started June 23, but new registrations are still being accepted for beginners, intermediate and life-saving classes.

Here's how the program is organized:

CHILDREN (20 hours)

Beginners - Tue&Thur - 8:45-9:45 a.m.
Intermediate - Mon & Wed - 10-11 a.m.

ADULTS (20 hours)

Group A - Tue & Thur - 10 - 11 a.m.
Group B - Thur - 9 - 11 p.m.

SWIMMING & LIFESAVING (30 hours)

Mon, Wed & Fri - 9-10:30 a.m.

In addition to swimming lessons and lifesaving classes, the pool staff is organizing a swim team to compete on Saturday mornings. Hopefully, the teams will advance enough to compete with some of the area country clubs that have regularly scheduled meets.

Water Ballet Lessons

Also available at the pool, particularly for the girls, is instruction in water ballet. This precision-type swimming is being taught by staff lifeguards Cheryl and Barbara Stutzman. They, along with pool manager George Zolla, also have a program for private swimming lessons.

Information on Indian Lake's new summer swimming program can be obtained by contacting the Lodge during the day at 754-4616. From 6 to 10 p.m. call 267-6809.

Remodeling Begins On Marina (CONT'D.)

Other improvements at the south marina include expansion of the maintenance shop and additional fuel tanks.

Work also is scheduled to begin soon on building 30 boat slips at the base of the ski slopes. Hopefully, these will be completed in conjunction with the incline opening. And, the storage marina at the north end of the lake will be completed.

So, things are happening at Indian Lake. By the time work is completed on expanding and improving the boat marinas, some of Indian Lake's confirmed landlubbers might want to become yachtsmen.

Reed Named Operations Director

James W. Reed, formerly of Cleveland, Ohio, has been named to the newly created position of operations director of Indian Lake.

In his new position, Mr. Reed will have complete responsibility for management and control of the year 'round lodging and recreational facilities of the 3,500 acre resort complex.

In addition to the hotel, townhouses and Lodge, Mr. Reed's responsibilities will include business management of ski

slopes, marinas, shooting park, game farm, and the 2 golf courses. He also will coordinate all social activities.

Prior to his appointment at Indian Lake, Mr. Reed was sales manager of the Sheraton-Cleveland hotel. Before that he was vice-president and general manager of Sea World, a \$5-million marine life park in Aurora, Ohio.

From 1962 to 1969, Mr. Reed was vice-president and general manager of the 800-room Breakers Hotel at Cedar Point Resort, Sandusky, Ohio. Facilities there, in addition to the hotel, included a beach, amusement center and marina.

Mr. Reed holds a bachelor of science degree in business administration from Bradley University, Peoria, Illinois.

He is a native of Jacksonville, Illinois. Mr. Reed is married to the former Ruth Zamcheck of Cleveland. They have two sons.

Mr. Reed is enthused about Indian Lake and is looking forward to meeting and greeting all the "oldtimers" and "newcomers" at the Lodge.

BOAT RENTAL RATES SET

The marina now has a wide choice of boat rental rates for anyone who can handle a boat.

Minimum rate is \$10 per hour, and \$6 for each additional hour. Or if you prefer, you can rent a boat for a full day at \$50, or for a half-day (5-hours) at \$30. A full day is sun-up to sun-down.

If you rent a boat for a weekend -- Friday to Sunday -- the rate is \$75. For a full week, the rate is \$150. Water skis and rope costs an additional \$4.

FUN-ABOUTS

There are some new 6-horsepower Funabouts by Hellion that rent for \$8 per hour. This includes a tank of gas. The boat is a 10-footer and is really a lot of fun.

MARINA HOURS

Hours at the marina are 8:30 a.m. to 8:30 p.m., seven days a week. Except for fuel, the marina is not open for sales and service on Mondays.

More information on the marina including boat dock construction or storage can be obtained by calling 754-4295.

Two-Way Tie For Memorial Day Golf Tournament

Don Landis and Francis Cmar finished with net 18-hole scores of 70 to share top honors in Indian Lake's seventh annual Memorial Day golf classic. Landis had a gross score of 81 and Cmar 82. Low gross went to Roger Phenecie with an 80. His net score under the Callaway handicap was 74.

Ralph Heinauer took third place with a gross of 91, good for a net 72. Bob Howarth finished fourth at 86 - 73, and Bob Tremel fired a 111 and ended up with a net 74 to tie Roger Phenecie and Ralph Guarina for fifth place.

HOLE-IN-ONE CONTEST SET FOR JULY 4TH WEEKEND

The Indian Lake Women's Golf Association will sponsor a hole-in-one contest over the 4th of July weekend.

Golfers and non-golfers will have Sunday and Monday, July 4th and 5th, to try for an ace . . . or close to it.

There are some valuable prizes for the best shots.
