

VOL. 1 NO. 5

PUBLISHED BY INDIAN LAKE LODGE, BUCKSTOWN, PA.

JUNE, 1965

## PERSONALITY CLOSE-UP

When the May Travel-Contest winners were announced at the June 26th party, held at the Lodge, first place winner, Dr. William Lascheid and his wife, Sally, quickly decided that of the three trips available, they would take the all-expense paid trip to New York City.

Pictured above: The Dr. William Lascheid Family. Bill and wife, Sally, along with their two boys, Peter, age 5 on the left, and Fred, age 7. Bill is the New Travel Contest winner for May and the family is featured in this issue's Personality Close-Up.

The Lascheids are recent newcomers on the Indian Lake scene. They became lot owners just this year. In this short time, their enthusiasm for the Lake has been quite evident, like many of the families who enjoy this year-round recreational area, by the number of guests they have been sponsoring.

## JULY 31 NEXT CONTEST PARTY

July 31, 1965 has been set as the date of the next TRAVEL CONTEST party to be held at the Lodge.

It will be an evening of fun for all and some lucky, hardworking lot owner will be named June's winner.

See you at the Party. We'll all have a good time together.

## LASCHEID MONTHLY WINNER

### TRAVEL CONTEST GAINING NEW INTEREST

Winners in the NEW TRAVEL CONTEST for the month of May were announced at the June 26th "bustin out party", held at the Lodge.

Dr. and Mrs. William Lascheid of Mt. Lebanon, Pennsylvania copped the first place prize for the month of May. Their win entitles them to an all-expense paid trip to either New York City, White Sulphur Springs, or Washington, D.C. In addition they also receive two gift certificates totaling \$220 and a bonus of 1500 points towards the Grand Prizes.

Second-Place winners in May were Dr. and Mrs. Michael Sivulich of Johnstown, Pa. and Peninsula lot No. 57. They will receive two gift certificates valued at \$110 each and a bonus 1,000 points towards the Grand Prizes.

The final place for May, third, was garnered by Mr. and Mrs. Fred Daggett. Their success entitles them to one gift certificate of \$110 and 500 extra points to be counted in the final tally.

### \$110.00 GIFT CERTIFICATE PROVING VALUABLE

One of the most popular phases of the NEW TRAVEL CONTEST has been the awarding of \$110 gift certificates for each sale of a lot to the sponsor of the buyer. These have an intrinsic value and they assure everyone who is instrumental in a lot sale of receiving some sort of an award.

## HELLO NEIGHBOR

Our resort community continues to grow in leaps and bounds. Each month the Smoke Signal extends a hearty welcome to the many newcomers. This month we extend a friendly "hello neighbor" to the following new property owners: Albert A. and Stella E. Kovach of R.D. 1, Latrobe, Pa., Wenatchee No. 2; John G. Moorhead and Leo F. Sweeney of 1150 Varner Road and 3117 Woodridge Drive, respectively, Pittsburgh, Pa., Wenatchee No. 10; Caesar O. Aldisert of 1771 Helen Drive, Pittsburgh, Pa., Peninsula No. 222; Benjamin and Rita S. Glosser of 1433 Mary Drive, Johnstown, Pa., Navaho No. 8; John A. and Elizabeth T. Gessler, Jr. of 615 Rial Lane, Greensburg, Pa., Wenatchee No. 5; Lewis D. and Charlotte A. Smith of 1401 Mission Road, Latrobe, Pa., Wenatchee No. 1; Steve and Agnes Lopatch of Latrobe, Pa., Arapaho No. 3; and Mr. and Mrs. William E. Ryan of 801 Linda Lane, Pittsburgh, Pa., Peninsula No. 137.

These eight lots sold and the nine families involved raise the number of lot owners at Indian Lake to 327 families.

## NEW INTEREST

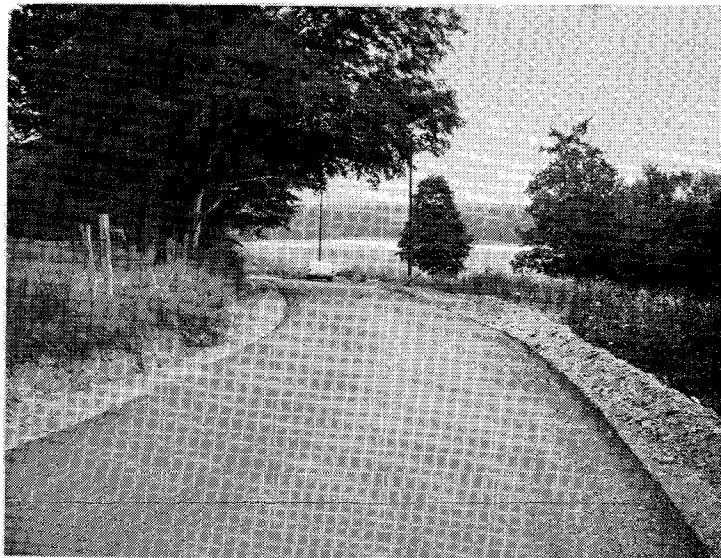

A remarkable feature of the NEW TRAVEL CONTEST has been the participation on the part of relatively new lot owners at the Lake. Both this month's winner, the Lascheids and the first month winner, Mitch Withrow, won the monthly contest shortly after buying a lot themselves at Indian Lake. This new interest in the contest which is injected by new buyers has kept the contest lively and moving.

## NEW CONTEST CONTINUES

The NEW TRAVEL CONTEST began on March 1st and will continue through December 10, 1965. The many prizes that can be yours are reprinted in this issue for you to review and for the information of new Indian Lake owners. In addition to the Grand Prizes there is a contest within a contest. Every month the sales and points for that month, alone, are computed and the first three places are awarded prizes. Thus, it is possible each month to get a new, fresh start towards being a winner. This monthly win also entitles the winner to bonus points which will be counted in the final tally.

Continued on page 3

## PAVING PROGRAM NEARS COMPLETION

Shown here is a completed portion of the newly paved roads on the western side of the lake. All of the main roads are completed. There are still a few access roads which are not yet finished. All things considered the big job of paving at the Lake is well in hand.

This period of construction has been an inconvenience to all; but, we feel this is more than offset by the improved appearance and driving conditions which now exist on all sides of the Lake.

Paved roads are a big boon to any development. Here at the Lake over \$40,000 has been spent in improving the network of roads throughout the development.

## SECURITY MEASURES NOW IN EFFECT

To both the visitor and the resident, the increased security measures at the Lake are more and more evident. Each week-end for the last couple of months there has been a uniformed policeman on duty to screen the traffic on the reservation's roads.

This increased activity is designed to discourage unnecessary traffic and as a means of keeping track of the many visitors who come by, giving them a marker for their cars.

When the policeman is not at the main gate on rt. 160, he patrols around the Lake. Through this, he is able to keep an eye out for any trouble spots, either natural or man-made which might be developing.

## What Can YOU Win ?

REMEMBER LOT OWNERS, OLD AND NEW, THE MANY FINE PRIZES THAT CAN BE YOURS WHEN YOU COMPETE IN THE INDIAN LAKE TRAVEL CONTEST. DON'T HESITATE! START TODAY.

### Grand Prizes for two Persons

**FIRST PRIZE:** Choice of one of the following:

- a. 23 day European Tour

- c. 1 week in Florida

### Monthly Prizes

**WEEKEND TRIP FOR TWO:** Choice of any one of the following:

- a. New York City
- b. White Sulphur Springs
- c. Washington, D. C.

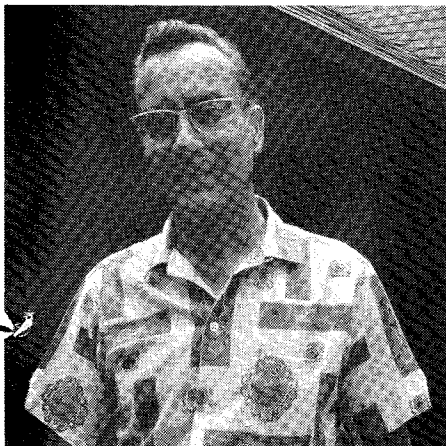

Additional points will be awarded to the three property owners with the most sales for the previous month PLUS a \$110.00 Gift Certificate will be given to each contestant for each lot sold to his or her sponsored guest.

## BUD BURNS NAMED NEW LODGE MANAGER

Bud Burns, a native of Pittsburgh but living in California for the past six years, has accepted the position of Indian Lake Lodge Manager. Prior to assuming this position, Bud held a similar position in California.

As a full-time manager, Bud will put all the effort possible into making the Lodge an effective hub of Lake activity. A wide variety of social affairs will be planned to bring enjoyment to young and old alike.

One of the first scheduled affairs for July is the Teen Dance to be held July 16. Other possible events would be a "Beer and Pizza" night. Of course the possibilities for fun-filled days at Indian Lake are unlimited.

Bud Burns, newly appointed Lodge manager.

Among the more noticeable improvements at the Lodge will be the expanded food and beverage service. With a full-time man on the job an effective program of scheduled meals and lounge service should be achieved.

All these social activities and improvements will be continued on a greater scale with the completion of the Lodge addition and swimming pool.

The Saturday and Sunday buffets will continue along with the Saturday night dances.

Let's all give Bud an overwhelming vote of confidence by stopping by the Lodge for dinner and dancing and meet him, your friends and neighbors of Indian Lake. You'll be glad you did.

### STILL TIME Continued from page 1

With five months yet to run, there is still ample time for all lot owners to develop their own list of prospects and to follow them up. The prizes being offered are fantastic and the odds on YOU being a winner are real low.

## DR. COOPER RETURNS

Dr. Edwin L. Cooper, Professor of Zoology at Penn State University and Consulting Biologist to Indian Lake, visited the Lake recently to conduct tests on water quality for chemical and bacteriological content. All conditions are excellent at this time and Dr. Cooper could see no reason why these circumstances should not continue to exist.

Dr. Cooper has decided upon August as an ideal time to check fish size. Based on the complete findings of his

## BOWLING LEAGUE FORMING

Ted Wider, well known Lake resident, is presently in the process of forming a year-round bowling league at the Lake.

Plans now call for the Indian Lake Bowling League to operate as two divisions, winter and summer, and to meet each Friday night. The bowling alleys in Reels Corner would be the site of the competition.

Anyone interested in joining is asked to contact Ted at the Lake. The league should be an opportunity for everyone to have a good time and make new friends.

## PERSONALITY Continued from page 1

The Lascheids first became familiar with the Lake when they visited Larry and Ida Rizzo. Since then they bought their lot and have introduced many of their friends to the Lake.

Dr. Lascheid, a Dermatologist, is a graduate of Franklin-Marshall College and the University of Pittsburgh Medical School. He completed post graduate work at Western Reserve University in Cleveland.

Wife, Sally, is a graduate of Penn State University who majored in Home Economics. Sally and the good Doctor met on a blind date but since then a lot of light has been shed on the relationship.

Soft-spoken Dr. Lascheid prefers to be called "Bill" when he is at the Lake. Compactly built, the former high school and college athlete brings to Indian Lake an eleven handicap from the St. Claire Country Club in Pittsburgh. He also likes to water ski.

What Sally might lack in athletic ability is more than made up by her sparkling personality. Her candid comments on anything and everything are usually colored with a subtleness that results in unexpected humor. Besides con-

## POLLY BEATS THE PROS

Polly, Champion Golfer, all divisions.

The eighteen hole Memorial Day Golf Classic held on the Indian Lake Golf Course May 29, 30, and 31 was won by a gentle darkhorse with a big swing.

Mrs. Polly Poorbaugh, wife of Art Poorbaugh, carried the feminine colors to heights of glory when she carded the lowest score for the tournament based on the "Callaway System".

One of the few women entered in the Golf Classic, Polly attributed her success to the pre-tournament strategy of keeping her ball on the fairway even at the price of distance off the tees. By concentrating on accuracy, she was able to put together one of her best rounds ever. Privately, even Polly was surprised at the end result.

The experienced duffers at the Lake felt that Polly could have carded an even better score had her putting been a little sharper. Polly agreed with this observation and promised the Smoke Signal that she had scheduled some "putting lessons" from her husband, a 1964 club champion at the Lake.

This tournament will be an annual event at the Lake and it is hoped that with growing interest in golf at the Lake, it will grow in popularity each year. Regardless, of the future course or future champions, this 1965 Golf Classic is inked in the record books for all time as the year "Polly beat the Pros" and brought glory to the woman golfer of Indian Lake.

versation, water skiing, golf, and swimming are among Sally's favorite pastimes.

When it comes to dancing, Bill and Sally combine on the dance floor to form a very "swinging" couple. They probably pursue this sport with as much fervor as any other.

## MODEL CHALET OPEN FOR INSPECTION

Beginning July 11, this beautiful chalet will be open each day for inspection by Indian Lake and Lake Stonycreek property owners and their guests.

The modern, rustic structure is located on South Shore Trail, just below the golf course and guest chalets and is fully furnished to illustrate the many ways that second-home family living can be enjoyed in pleasant surroundings and still retain its natural, outdoors appeal.

This chalet, pictured above, was built and furnished by William Baltzer & Sons Contractors. Why not stop by and tour this imaginative housing unit?

## REMINDING ALL TEEN SWINGERS

July 16th will be swim time at the Lodge. In fact, it will be monkey time, watusi time, jerk time and Freddie time. It'll be a good time for all the TEENS of Indian Lake when we import the fabulous "TRYLONS" from Johnstown to play your favorite hits in the first of Indian Lake's TEEN DANCES.

Punch and potato chips will be served to maintain your strength. The price at the door will be 90c per person and a real cheap \$1.75 per couple. So bring your best girl and swing!

## COOPER

Continued from page 3

studies, he will aid Indian Lake in developing the fishing and water programs for the future years.

Dr. Cooper first became associated with Indian Lake when he conducted an extensive amount of research on the Indian Lake watershed a few years ago. At that time the study was conducted to determine the suitability of the Lake as a habitat for aquatic life. This initial study led to the fish-stocking plan and stream improvements which were finally adopted at the Lake.

## POW WOW

## ANYTHING AND EVERYTHING . . .

Conversation from around a campfire, somewhere at Indian Lake . . . **MARY LOU KENNEDY** deserves a big, blue ribbon for the 22" rainbow trout she pulled out of the lake recently. Reports have it that the fish dunked her three times before an unknown samaritan pulled both Mary and the fish from the lake. Regardless, we'll give her credit since she endured the affair without giving up her rod and reel . . . Don't say I told you but the **GLENN BOYERS** finally got their boat into the water — better late than never, I guess . . . The golf course must be getting shorter, judging from the series of par performances turned in by **BILLY BALTZER**. Or, maybe he's as good as he says and is just now hitting his stride . . . If we ever start giving athletic letters out around here, the **JACK BUTLER** family would garner quite a few. Like many residents at the lake, the entire Butler family enjoys and excels at water skiing, fishing, tennis, golf, hunting, and fishing. I'd even bet on them if we put in a "jai alai" course. They would hang right in there . . . The "Ding Dong" **RINGLERS** have taken an about face. Used to be if they were off their water-skis, it was probably because they were sleeping. Not any more. The whole family, Carl, Charlene, and Rick have taken a turn at golf. Seem to like it too. Guess that old adage "once a water skier; always a water skier" just doesn't hold any water . . . Add the name of **BILL MORRIS** to the list of "sailing purist". He's got his new boat on the waves and thinks Indian Lake makes great sailing. Give a man his sailboat and everything is great . . . Oops, the fire just went out!
