Lodge Gets Chef

Indian Lake Lodge has a chef. He's Jack Prout, 49, of Bangor, Pennsylvania.

As chef, Jack will be responsible for kitchen operations of the Lodge, including food preparation, buying and inventory control.

Prior to his appointment at the Lodge, Jack held the position of chef manager for the American Retail Association, a food service organization in Connecticut. His responsibilities there included food preparation, buying, inventory control and cost control.

Jack has been in the food business for almost 20 years. He gained recognition in food preparation during the early 1960's when he served as chef at Olmsted Air Force Base, Middletown, Pa.

Jack, his wife Pauline, and their two sons, 3-year-old William and 3-week old James, are residing near Indian Lake.

Jack began his duties as chef at the Lodge May 15.

Lake Stonycreek Party July 3

Lake Stonycreek will hold its fifth annual property owner party on Thursday, July 3 at Indian Lake Lodge.

Polly Poorbaugh once again is directing the activities. She's been busy the past few weeks lining up entertainment for the big party which will include dinner and a dance.

Season Pass Becomes More Popular With Lot Owners

The improvement program started last year by Indian Lake and the continuing confidence expressed by lot owners through an increase in new cottage construction starts are making the season pass for free and unlimited use of Indian Lake's year 'round recreational facilities more popular than ever. All the improvements made are not directly related to the season pass nor does the increase number of lot owners with cottages have a direct relationship, but the two combined make the season pass a convenience for enjoying the facilities while enhancing the value of all property.

Included among the more recent improvements made at Indian Lake are the hiring of a chef at the Lodge, a new water storage system, new equipment to take better care of the recreational facilities, and the introduction of an all-inclusive season pass to include the resort's two golf courses. The confidence expressed by lot owners through new cottage construction starts is greater than ever. Some of this confidence is reflected in the number of custom designed second-homes, many by architects.

As these and many other improvements continue, the task of development nears completion, and the more pleasant job of satisfying lot owners takes over. All factors are now making the season passes more popular than ever. The new membership year, 1969-70, began June 1. If you haven't mailed your check, do so today.

Improvements Continuing On Service Corp. Water System

Improvements are presently being made to the water system which serves the east side of the Lake.

A completely separate system for the Lodge is in process and will be installed as soon as final approval is received from the state, which has jurisdiction over the Lodge's water supply. This will eliminate the present demand by the Lodge on the Service Corporation water system.

Among the other improvements to the water system on the east side is the installation of a 20,000-gallon underground water storage tank. Plans also call for an additional 20,000-gallon tank to be installed on the peninsula, and to connect it with the present east side system to provide a total water storage capacity of 40,000-gallons.

Because of soil characteristics in the development, it is sometimes difficult to provide well water free of iron. But once the new systems are in full operation, the Service Corporation will eventually abandon those wells which tend to be high in iron content.

Improvements to the water system are being completed as fast as available work force permits.

Now, lot owners may purchase a season pass for \$300 and have unlimited family privileges on the back nine of Arnold Palmer's championship golf course on the peninsula, the 9-hole course next to the Lodge, ski slopes, ice skating pond, tennis court and the heated indoor swimming pool.

For \$200, lot owners enjoy unlimited family privileges on all recreational facilities except the Arnold Palmer golf course, where a daily greens fee is required. Weekdays, the fees are \$4 for nine holes, or \$6.50 a day. Saturday, Sunday and Holidays, the fees are \$5 for nine holes, or \$8 a day.

Fairway lot owners, whose season pass is mandatory and fixed-in-cost by their Deed, will continue to pay their present rate and enjoy unlimited family use of all facilities.

Fees for guests of fairway lot owners, season pass holders and hotel guests are \$5 for nine holes weekdays, or \$8 a day. On Saturday, Sunday and Holidays, it is \$6 for nine holes, or \$10 a day.

Added Benefits

Each season pass holder, in addition to unlimited family recreational privileges, is permitted to bring another family to Indian Lake as guests four times a year — once each quarter — to enjoy the recreational facilities without charge. All that's necessary is to register guests at the Lodge.

Annual Service Corp. Meeting Set For June 27

The annual business meeting of Indian Lake Service Corporation will be held June 27 at Indian Lake Lodge beginning at 8:30 p.m. Purpose of the meeting is to elect two directors, review last year's operation and make plans for 1969-70.

The nominating committee has nominated the following residents for the Board of Directors: Mr. Harry Larabee of Pittsburgh, and Mr. Ralph Guarino of Indian Lake. Other nominations may be made at the meeting.

Lot owners who will be unable to attend the meeting should return their signed proxy to the Service Corporation before June 25.

Casual Wear Featured At Ladies' Style Show

Diana Phillips, left, and Joan Thoma, right, model latest fashions in casual wear at style show held at the Lodge May 24.

Fine casual wear modeled by attractive ladies highlighted the second annual style show sponsored by the Women's Golf Association of Indian Lake.

Nancy Guarino coordinated the day's activities that included a luncheon and awarding of prizes. The only business announcement was a reminder to all ladies that dues are now due.

Outfits featured in the style show were from the King and Queen shop of the Bel-Air Shopping Plaza in Johnstown.

Swimming Classes To Begin June 16

If a sufficient number register between now and June 15, swimming classes will begin Monday morning June 16 in the Lodge pool. The classes will continue through July 25.

Lifesaving classes will be held from 8 a.m. to 9 a.m.; beginner 9 to 10 and intermediate from 10 to 11. Students must be 16 or over to enroll in the lifesaving class.

An evening swim program will be started for adults if there is enough interest shown.

Cost for the swimming program is \$1 per lesson for season pass holders. For non-season pass holders, it's \$1 per lesson, plus the daily pool charge.

Miss Cheryl Stutzman will be the instructor. Anyone interested in joining the swimming classes may register at the Lodge office or phone (814) 754-4616.

Jr. Golf Program To Start June 14

Boys and girls interested in learning the fundamentals of golf are urged to register for Indian Lake's junior golf program scheduled to begin Saturday, June 14 and continue through August 2.

The one-hour classes will begin each Saturday at 9 a.m. Youngsters will be given instruction on the rules and etiquette in golf as well as such fundamentals as stance, grip, swing and putting. Jim Walters will be the instructor.

Cost for the complete series of instruction is \$1 for season pass holders. For those without a season pass, it will cost \$1, plus \$1 for each lesson.

The program will end with a tournament, party and presentation of trophies. Junior golf is one of Indian Lake's most successful programs for the younger set.

Boys and girls interested in learning more about the wonderful game of golf should register now at the pro shop.

Golf Cart Policy

As previously announced, restrictions in the leasing arrangements for golf carts make it impossible to handle or permit private carts to be stored on either of Indian Lake's two golf courses. However, individuals who hold a current season pass may purchase a cart license for an annual fee of \$80 and be permitted, along with members of the family, to use their private cart on either of the two golf courses.

Use of private carts by other than family members should be discouraged. If other than family members use the cart without a member present, they must pay the normal cart rental fee of \$7.50 for 18 holes and \$4 for nine holes.

Opening Date For Peninsula Course To Be Announced

There's been no decision made yet on when the back nine holes of the Arnold Palmer championship golf course will open for play.

The greens crew is manicuring the course daily, but because of snow mold from last winter and slow drainage this spring on several holes it would be unwise to open the course until these holes recover and are in good condition.

Meanwhile, golfers are swinging away on the 9-hole course and continue to praise its condition.

More Fish Stocked

Indian Lake Fishing Club continues to carry out the recommendations of marine biologist Dr. Edwin L. Cooper by stocking the lake with more fish.

The latest stocking program included 300 brown trout measuring some 12 to 14 inches and 200 large-mouth bass about 10 to 12 inches in length and weighing 6 to 7 pounds.

New Cottage Starts Continue To Increase

Among the many features that contribute to Indian Lake's success are referral sales and the cottages of property owners. These two qualities not only contribute to the success of the development, but represent the confidence lot owners have with Indian Lake. That confidence is greater than ever as lot owners continue to build some of the finest second-homes to be found anywhere. A recent trend in building here at Indian Lake is the increase in the number of cottages designed by architects. The second-home under construction shown above is located on the peninsula and is owned by Mr. & Mrs. Blaisier of Pittsburgh. The architect is Donald Stone of Pittsburgh. Homer Hiteshaw of Windber is the contractor.

Marina Set For Busy Season

Mr. & Mrs. Willard Maudy, new managers of Indian Lake Marina.

The Indian Lake Marina is all set for another busy season. In addition to a huge stock of boats, motors, accessories and a staff to do major repair work, the marina is now under the management of Mr. & Mrs. Willard Maudy of Hollidaysburg. They are leasing the marina from Bob Long, who has operated the business since the lake opened in 1962.

It was a difficult decision for Bob to make, but with his daughter Birdie getting married, and his son Barry out of school and going into accounting work, Bob didn't want to be short-handed and in the position of not being able to take care of the boating needs of property owners. So, he decided to lease the business to the Maudys, who have more than 15 years of boating business experience. The Maudys also own a marina in Hollidaysburg. It's operated by their two sons, Marlin and Allen.

The Maudys will not only be operating the marina, but will become members of the Indian Lake family of property owners. They are in the process of purchasing a lot near the marina.

As for Bob Long, he'll still be with Indian Lake, but most of his time will be devoted to the construction business instead of boating.

Water Ski Club Meeting June 14

Indian Lake water ski club will hold a meeting Saturday morning June 14, at 11:00 a.m. in the Lodge. Bruce Corna, president, is urging all last year's members and any new comers to attend the meeting.

Golf More Enjoyable When Rules Observed

Most golfers, even beginners are aware of certain rules and etiquette in golf, but they are always worth repeating. But first, there are certain rules everyone should know about Indian Lake's 9-hole course.

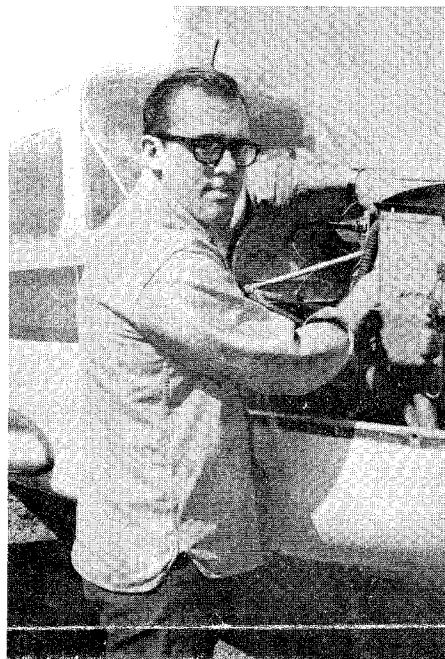

1. All golfers must register at the pro shop. You may be asked to show your daily pass any time on the course.
2. Monday, Tuesday & Friday
 - a. Property owners, regular and social members and their guests may play at any time.
3. Wednesday
 - a. Men's Day. Men are to be given preference in tee-off time.
4. Thursday
 - a. Ladies Day. Ladies are to be given preference in tee-off time.
5. Saturday, Sunday & Holidays
 - a. No one under 15 years of age may tee off between 9 a.m. and 5 p.m. unless accompanied by an adult.
6. Any Day
 - a. Only one person may play out of one bag.
 - b. Fast players must be allowed to play through.
 - c. Players may be required to play in foursomes on busy days.

Here are more basic rules every golfer should know and observe:

7. Repair all divots.
8. Smooth out holes and marks made when playing out of a sand trap. Use the rakes provided for that purpose.
9. Avoid damaging the putting green. Repair (with a tee or similar object) all ball marks.
10. Do not drive motorized golf carts on or near tees, greens, or bunkers.
11. Do not talk or move while others are playing in your group. Do not stand too close to a player when he's shooting.
12. Do not hit your next shot until players in front are out of range.
13. When looking for a lost ball, allow players behind to pass. Do not hit until they have played through and are out of range.
14. Play without delay. Always be ready to hit when your turn comes.
15. After your group has holed out, go to the next tee immediately. Mark your scorecard on the tee, not the green.

If you have a question about the rules, ask Jim Coleman. Remember, etiquette is important and makes golf more enjoyable.

Air-Park Maintenance Shop Now Doing Aircraft Inspections

Bob Hecht, Indian Lake Air-Park's airframe and power-plant mechanic, is now a licensed FAA inspector.

Bob Hecht, who came to Indian Lake Air-Park a little more than six months ago with an impressive background in aircraft maintenance, has advanced another rank in his qualifications as a licensed Federal Aviation Agency airframe and power-plant mechanic. Bob passed the FAA's inspector examination last month and is now qualified to perform aircraft inspections and approve major repair and alteration work on all types of light aircraft. Bob also holds a commercial pilot's license.

Bob came to Indian Lake from Las Vegas, Nevada, where he worked as an aircraft mechanic for Trans Nevada Air Service. Before that he was with American Airlines in Chicago.

Bob is a native of Michigan, and his wife is from Kansas. They met while Bob was in the Air Force. The Hechts have three children and the family is living at Indian Lake.

Approval by the FAA to perform inspections, along with the Air-Park's FAA and VA approved flight training school, which includes a new Link Trainer, makes Indian Lake's airport one of the finest, small aircraft service centers in western and central Pennsylvania.

Golfer vs. Shooter Tournament To Be Held Sat., June 28

The golfer vs shooter tournament introduced at Indian Lake last year proved popular enough among the men and women that it has now become a regularly scheduled event.

The first tournament this year is scheduled for Saturday, June 28, and is open to men and women.

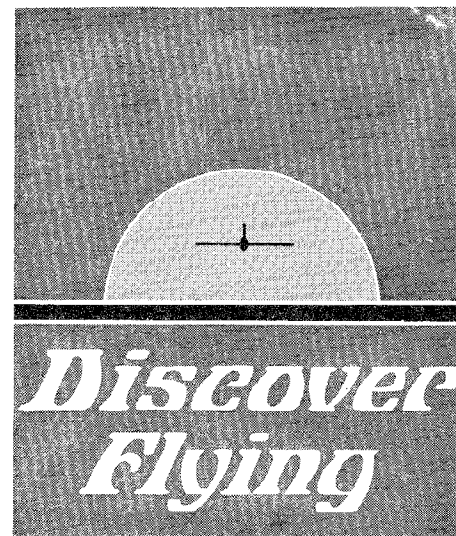

In this unusual competition, golfers who are unskilled in trap shooting compete against trap shooters who are equally as unskilled on the golf course.

The unique tournament will get under way on June 28 at 11 a.m. with trap shooting at Indian Lake Shooting Center, followed by lunch, and nine holes of golf in the afternoon. A cocktail party at 5:30 p.m. will climax the big day.

Awards will be presented to the top gun, low net golfer, and best combined score. Handicap scoring will be used for both shooting and golfing.

Entry fee, including costs for both trap shooting and golf but not lunch, is \$7.50 per person for season pass holders. For those without a season pass the cost is \$10. Fee includes cocktail party and prizes.

Those interested in participating in this unusual tournament should register as soon as possible at the shooting center or golf pro shop.

Under the banner of "Discover Flying", Indian Lake is joining forces with the general aviation industry to make more people aware of flying.

Latest F.A.A. figures show 691,695 pilots, a 12% gain over previous years. New total includes 209,406 student pilots and 281,728 private pilots.
