Property owners are reminded that on each of these special entertainment nights there is no cover charge for lodge members (season pass holders) and their non-resident guests. However, for all property owners without the full lodge membership it is necessary to have a \$5.00 cover charge.

July 1 is still the renewal date for memberships. But, the membership application which was mailed to all Indian Lakers can be turned in anytime to be eligible for the entertainment nights without paying a cover charge.

In addition to free entertainment, the \$150.00 annual membership fee entitles husband, wife and all dependents residing in the same household unlimited use of the 9 hole golf course, ski slopes, swimming pool and tennis court, plus private social functions.

Without a full membership, lot owners and their children must pay the daily green fees, ski tow charges, swimming pool and tennis court rates. Now is the time to take advantage of the full benefits of being an Indian Lake Property owner.

Thanksgiving dinner at Indian Lake Lodge is always a real treat. There's a special price for children's dinners.

## No Hunting Allowed Within Indian Lake

The advent of variety entertainment and two dance bands once each month at Indian Lake Lodge has presented an opportunity for everyone to enter the "Name the Dining Rooms Contest."

  2. All entries must be submitted on a post card indicating which rooms the names are for, and mailed to Indian Lake Lodge, R. D. 1, Central City, Pennsylvania 15926.
  3. Contest closes Friday, December 1. All entries must be signed by the contestant.
  4. In the event of duplicate names, winners will be determined by the earliest postmark.
  5. Winners will be announced at the Lodge, Saturday evening, December 2.

**New Referral Contest****Expense Paid Vacations to Bahamas for Top Sponsors of New Property Owners**

Indian Lake's new referral contest moves into its second month and the surge of activity among property owners and prospective buyers is developing earlier than in all previous contests.

This quick pace can be attributed to several factors. First, the huge success of the recent Play Golf With Arnold Palmer Contest has generated tremendous excitement among more and more property owners. They discovered that it's not difficult to win one of the top prizes, and that the prizes are really worthwhile. Second, the added bonus in this contest of ski outfits is prompting more lot owners to send up prospective buyers now instead of waiting until the last month. The contest closes December 31.

The 3 top sponsors of new property owners will receive all expense paid vacations for 2 to Eleuthera Island, Bahamas. This will include jet flights on TWA and Pan American Airways, plus rooms and meals for 7 days and 6 nights at Arnold Palmer's Island Inn.

**Christmas Exhibits Planned at Lodge**

Don't buy all your Christmas gifts until you have seen the exhibits at Indian Lake Lodge the weekend of November 18 and 19. Plans are being completed for a big display which may aid your selection of gifts for the holiday season ahead.

Included in the display will be gifts for the ski enthusiast, golfer, pilot, swimmer, boat owner, shooter and many others. Ideas will also be presented for the non-sporting crowd. You'll see items you may never have considered and certainly just the thing for that someone "who has everything."

Orders for the various items will be taken at the exhibit. Don't miss this big weekend display of gift ideas. Remember, it's the third weekend of November.

**Support From TIME and LIFE Ads**

Anyone participating in this contest has added support from Indian Lake. The corporation has embarked on a new advertising campaign in the regional editions of TIME and LIFE magazines. The first ads appeared in the October 6th issue of TIME and October 20th in LIFE. The remaining schedule of ads for this year is as follows: TIME—November 3, December 15; LIFE—November 17 and December 22. The campaign will continue into 1968.

**Points Determine Winners**

The referral contest is based on a point system. For every new property owner, sponsors will receive 100 points. If the property is along the fairways of the new Arnold Palmer designed 18 hole championship golf course, there's a 50 point bonus. In addition to this, all sponsors receive a \$100.00 gift certificate for every new property owner which they have introduced to Indian Lake.

Experience a new kind of vacation. Win one of the 3 expense paid trips to Arnold Palmer's Island Inn in the Bahamas.

# NEW 18 HOLE CHAMPIONSHIP GOLF COURSE

Arnold Palmer is spending more time at Indian Lake now that his design of the new 18 hole championship golf course is taking a more definite shape. Brief descriptions of the back nine holes will be printed in future issues of THE SMOKE SIGNAL. In this way it is hoped that members can share in the enthusiasm Arnold Palmer has for Indian Lake and the new golf course. Plans call for the back nine to be seeded this fall, and possibly be ready for play in 1968.

**No. 18** Par 5  
540 Yards

THE TEE

Here's a finishing hole that golfers will always remember. As a par 5, 540 yards long, it requires everything that the previous holes do in order to score well, namely, accuracy. First of all, it is long and narrow with both sides of the fairway heavily wooded. This means every shot will be a demanding one.

There's a 90° dogleg about 420 yards down the fairway. It will be virtually impossible to reach this green in two. In fact, it will be difficult to reach it in three.

The second shot must be well placed at the dogleg. It's possible to be stymied for the third shot due to a second shot that is either too short, or too long. There's also a cluster of tall trees in the center of the dogleg that could obstruct a clear approach to the huge, terraced green.

**No. 18** Par 5  
540 Yards

THE APPROACH

The above picture shows the dogleg area and approach to the 18th green. Getting to the dogleg is one thing, but Arnold Palmer has designed a beautiful, two-level green with enough undulations that will have golfers expressing a sigh of relief after putting out.

The green is actually a double green. It joins No. 9 as one complete putting surface with some tall trees separating the two greens.

This hole is the first one scheduled for seeding next spring. The water line has been installed and the tee and green roughed in. Even though there is more work to be done before the 18 holes are completed, Arnold Palmer is designing a beautiful, championship golf course.

# Hangar Construction Moves Ahead

The first of four individual hangars for Indian Lake Air Park is nearly completed and work is already underway on the second one. Full sized at 32 x 42 feet, the hangars feature rustic siding, gable roof, sliding doors and inside lighting. A small hinged door provides easy access in and out of the hangar without opening the big doors.

The advantage of these hangars over the more common type T-units is that private airplane owners have space to keep a boat and car in with the airplane.

Traffic at the airport continues to increase and more and more airplane owners are making Indian Lake Air Park their base. The flight school also continues to grow as a number of new students recently enrolled in the fall session of ground school. Students can take the entire ground school at their own pace and not be concerned about keeping up with a class. This is as good a time as any to learn to fly. Stop in, or call Don Wenders at Indian Lake Air Park for complete details.

Ground school classes at Indian Lake Air Park are separate from actual flight instruction. There are no pre-requisites for the private pilot class. The classes are designed primarily to prepare students for the Federal Aviation Agency's written examination. A private or commercial rating is required for admission to the instrument ground school class.

## Many Advantages In a Planned Resort

A leading publication recently asked 1600 purchasers of vacation-house plans where they had built. Forty three per cent replied: "In a resort." This already high figure will continue to grow as more and more families discover the economic, social and practical benefit of the planned community.

A resort development, such as Indian Lake, takes most of the pain and most of the problems out of vacation-home ownership. In addition to summer and winter recreation, provisions exist for snow removal, road maintenance, security, utilities and other benefits.

This is what makes owning one of the hotel rooms here at Indian Lake such an attractive investment. Room owners become a part of Indian Lake's original charter of 1500 property owners. They will have access to all of the year-around recreational facilities, plus many different social functions. The big advantage, too, is there's no maintenance to worry about.

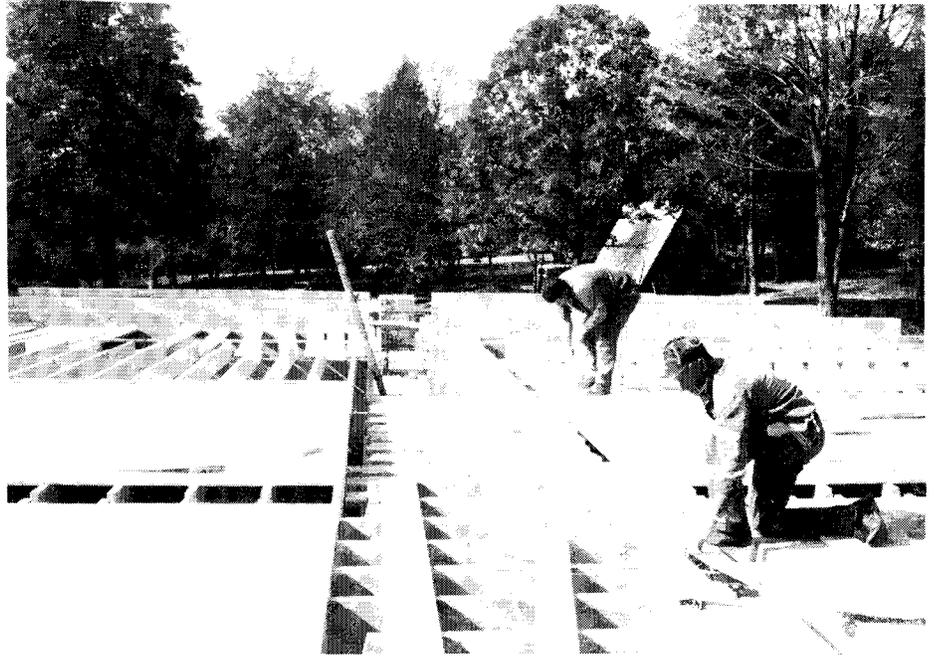

The condominium hotel satisfies a wide range of investors. It's for those who want to enjoy year-around recreation and the benefits of planned development, but have no desire to build a second home. For those who only make a few trips a year to relax, ownership of a hotel room is the most practical and economical thing to have. From strictly an investment standpoint, the condominium hotel is attractive when using the most conservative estimate of occupancy for rate of return.

### Buy a Room

## Work Continues on 32 Room Hotel

Favorable weather conditions the past few weeks has enabled the contractor to produce noticeable progress on construction of the new 32 room hotel here at Indian Lake.

The foundation and block work for the outer walls of the first floor have been completed as well as the deck for the second floor units. If the good weather

continues, the block work on the second story will soon be completed and ready for the roof. While completion date is still a good many months away, reservations are being accepted for occupancy in the new hotel. Please make reservations through the Lodge.

### Indian Lake Story Available for Community Organization Programs

An interesting and informative program, based on the benefits of planned resort development, can be presented to business organizations and community groups as a service from Indian Lake.

The basic program is presented through colorful slides showing the step by step development of Indian Lake. Emphasis is placed on the second home family living concept and the private enterprise philosophy. Details on the new condominium hotel are also given. Year-round recreation and the increase in leisure time are pointed out as the underlying factors in the development of Indian Lake, and the condominium hotels here, and in the Bahamas.

To have this exciting and informative program presented in your community, call the public relations department at Indian Lake 814 754-5159.

### Investment Opportunity

For the smart investor, there are still a few rooms available for purchase. A room in this new hotel can be purchased for \$10,500.00. The down payment is \$3500.00 with the balance financed up to five years. Monthly payments amount to approximately \$160.00.

Under this unique individual room ownership, the hotel will have 32 investors that, using a 50% occupancy rate, would receive approximately \$1,400.00 a year as their percentage of the monthly rental receipts. An attractive investment.

For information on the purchase of one of these hotel rooms call 814 754-4616 or 814 754-5159. There are also a few rooms available for sale in the Arnold Palmer Island Inn, Eleuthera Island, Bahamas.

If you haven't looked into the investment potential of owning a hotel room, plan to do so real soon.
