Expanded Water System Approved By State

Indian Lake's expanded facilities for supplying water to the vacation homes, 32-room hotel, and the Lodge has been approved by the state Department of Health.

The approval by the state ended a dispute that began last month when the state withdrew its approval of the system. Several conventions scheduled at the hotel and lodge were cancelled before attorneys for Indian Lake obtained a court order that permitted operation of the facilities pending a hearing.

The hearing was scheduled June 5 but was postponed. Jerry V. James, health department sanitarian, said his office was satisfied with the new water system.

Now, Indian Lake will have two separate water systems - one for vacation homes and another for the lodge and hotel. In addition to having separate lines, each system will have a 20,000-gallon storage tank from which to draw water during peak periods of operation.

Approval was granted on the basis of water quality from the wells and design of the two separate systems. Water samples taken from the 750-acre lake, which is fed by two mountain streams and used only for recreation, also showed excellent quality.

The water system was expanded because demand in recent months at the lodge and hotel almost exceeded the amount nearby wells could supply.

Mandatory Season Pass Available At Reduced Rate

Many lot owners whose property is not along the fairway of the new golf course and not subject to the mandatory season pass have expressed a willingness to be on a mandatory plan similar to fairway lot owners that would include unlimited family privileges on all the recreational facilities, but for considerably less than the \$300 all-inclusive season pass introduced last month.

Now, a mandatory season pass plan is available for non-fairway lot owners and it

New Menus Now Featured At Lodge

Mrs. Myrtle Collingwood, left, assistant manager of Indian Lake Lodge, and head waitress Kathy Yutzky, check out one of several new menus now in use at the Lodge. Among the new and different daily menus is one that lists breakfast and luncheon suggestions, plus a delicious luncheon special. There's also a new dinner menu for Monday through Thursday and another special menu for Friday. These weekday menus have dinners to please every type of person, family and budget.

The Saturday dinner menu still features steaks and lobsters, but there is also a choice of several other fine dinners that change from week to week and priced as low as \$2.95. The Saturday night buffet has been discontinued. Also included on the Saturday menu are such specials as Shish-Ka-Bob, Crabmeat Imperial, Swiss Steak and Beef Stroganoff. Chef Jack Prout said he has other specials to add to all the menus. On Sunday, a family special is also available in addition to the buffet served from 4 to 7 p.m. The new dinner menus now in use at the Lodge are part of Indian Lake's continuing program to make improvements wherever they can be made.

gives a family unlimited privileges on the ski slopes, swimming pool, ice skating pond, tennis court, 9-hole golf course, and the Arnold Palmer championship course when it opens. The attractive feature of this new plan is the savings from the present annual season pass rate of \$300.

Information about this new plan may be

obtained by calling the sales office at Indian Lake Air-Park, (814) 754-4616.

REGULAR MEMBERSHIPS DUE

Meanwhile, the regular season pass for 1969-70 is now in effect and those who have not paid their \$200 should send a check to the Lodge as quickly as possible.

Golfer-Shooter Match June 28

Golf pro Jim Coleman and shooting park manager Abe Firl are looking forward to a large turnout at the golfer vs shooter tournament scheduled for Saturday, June 28. The tournament is open to men and women.

In this unique competition, golfers who are unskilled in trap shooting will compete against trap shooters who are equally as unskilled on the golf course.

The unusual tournament gets under way at 11 a.m. with trap shooting at the shooting park, followed by lunch and nine holes of golf in the afternoon.

A party will be held at 5:30 p.m. where awards will be presented to top gun, low net golfer and best combined score. Handicaps will be used for both events.

The entry fee for both trap shooting and golf, but not lunch, is \$7.50 per person for season pass holders and \$10 for non-season pass holders and guests. Fee includes prizes and the party.

Condominium Golf Cart

After considerable thought and planning on a policy regarding personally owned golf carts, Indian Lake has come up with a plan that would make golf carts available on a condominium principle.

Under this condominium plan, golf carts would be owned by individuals and be included in the entire cart rental pool of both golf courses. This would assure cart owners of a golf cart when they wanted one while providing a return of their investment through daily rentals. Cart owners would share equally in a percentage of the total monthly rental receipts from all carts rented. The carts would be serviced by Indian Lake.

Anyone interested in this unique plan for golf carts should get in touch with the Lodge office as soon as possible for complete details.

The Tam O'Shanters, an all-girl Kiltie Corps from Somerset, will be the featured entertainment at the fifth annual Lake Stonycreek Party to be held at the Lodge, Thursday, July 3.

The Tammies, who perform before large audiences wherever they appear, have won numerous state titles for their precision marching and fine music. They are directed by Mr. & Mrs. James Spangler of Somerset.

Other entertainment for the big party includes Jimmy Russell, organ; Hans Stumpf, accordion; and the Melody Men dance band. The Tammies will perform after the dinner.

Improvement Program Continues

Indian Lake's continuing program to make improvements wherever they can be made has moved into high gear once again.

Evidence of the latest improvement is at the main entrance on Route 160. As shown above, a beautiful stone wall has been erected and steel letters mounted on the side spelling out INDIAN LAKE. The resort's thunderbird logo is positioned beside the name.

When completed, the stone entrance will be surrounded by shrubs and flood lights installed to illuminate the beautiful new structure at night.

Multi-Engine Rating Brings Big Smile

Pilots at Indian Lake Air-Park continue to advance in ratings while more new students are joining the exciting world of flying and working to earn their wings as private pilots.

Above, Dr. Al Kasal of Pittsburgh flashes a big smile after returning from a flight test June 11 which he passed for his multi-engine rating. A few weeks before Dr. Kasal got his advanced rating, Karl Poorbaugh passed his flight check for an instrument rating.

Among the students to earn wings as a private pilot is Fred Shaulis of Somerset. Duke McLaughlin of Pittsburgh moved closer to getting his private license as he now has his solo flight under his belt.
